FocusEngineering
Industrial Automation & Training Specialists

2009

	Course Description	No of Days	Week Days	Course Code	Cost Per Delegate	Januaruy				February				March					April				May				June				
						Weeks Beginning Monday the																								
						05th	12th	19th	26th	02nd	09th	16th	23rd	02nd	09th	16th	23rd	30th	06th	13th	20th	27th	04th	11th	18th	25th	01st	08th	15th	22nd	29th
Siemens S7 Courses Using Step7																														
Siemens S7	Fundamentals of PLC Systems	2	Mon-Tues	SI_FA1	€600.00																									
	S7 Maintenance Part 1	3	Mon-Wed	SI_S7MA1	€900.00												X												X	
	S7 Maintenance Part 2	2	Thurs-Fri	SI_S7MA1	€600.00												X												X	
	S7 Programming Level 1	5	Mon-Fri	SI_S7SYS1	€1,350.00									X														X		
	S7 Programming Level 2	5	Mon-Fri	SI_S7SYS2	€1,350.00																									
Siemens S5 Courses Using Step5 (On Request)																														
Siemens S5	Fundamentals of PLC Systems	2	Mon-Tues	SI_FA1	€600.00																									
	S5 Maintenance Part 1	3	Mon-Wed	SI_S5MA1	€900.00																									
	S5 Maintenance Part 2	2	Thurs-Fri	SI_S5MA2	€600.00																									
	S5 Programming Level 1	5	Mon-Fri	SI_S5SYS1	€1,350.00																									
	S5 Programming Level 2	5	Mon-Fri	SI_S5SYS2	€1,350.00																									
Siemens Texas Instruments Courses Using APT (On Request)																														
Siemens TI	Fundamentals TI Systems	2																												
	TI Maintenance Part 1	2																												
	TI Programming Level 1	3																												
Siemens HMI Courses																														
HMI	TP/OP/MP Setup / Maintenance	1		SI_HMA1																										
	TP/OP/MP Using Protools	2		SI_HPRO								X								X										
	TP/OP/MP Using WinCC	2		SI_HWIN																										
Siemens MicroMasters 410/420/440 Courses (On Request)																														
Drives	MicroMaster Maintenance	1		SI_MM1																										
	MicroMaster Setup & Networking	2		SI_MSN1																										
Allen Bradley Courses Using RS Logics 500 & 5000																														
Rockwell	MicroLogic's Level 1	3		AB_MLSYS1																										
	PanelView Setup / Maintenance	2		AB_PV																										

In addition to the scheduled courses we can customise the training course to be site specific. These courses can be held onsite or at our training centre.
